

Tyler Access – Off-Site Testing For Accounts Hosted by Tyler Technologies

In an off-site location (somewhere other than your K-12 district), using secure Wi-Fi, follow these steps to test your ability to access district Munis® data remotely via a laptop.

Step 1: Sign in to Munis® by clicking the following url or copy/pasting into your web browser's address bar: <https://secure.tylertech.com/>

Step 2: At **Secure Logon**, enter your **Username**, **Password**, and click **Logon**.

Step 3: After signing in, click **Munis Client** to launch the secure VPN gateway.

Once the VPN has loaded and is running, click **SaaS Dashboard** to connect to your database.
